

If you are new to the site and want to be set up with an account, if you are having problems logging in with an existing username/password despite trying the 'Forgot your password/username?' options to the RHS of the screen, if you can't find what you are looking for despite searching the site, or if you come across inaccurate service information or links that don't work, please [click here](#) to send a short e-mail describing the problem to the RefHelp team. Your feedback is vital in helping to keep RefHelp up to date and relevant to Borders general practice and to help develop the content further for Primary Care use. Thanks.
